

Music, food, beer ... what more could you want.
We look forward to meeting you at **BREW TOUR 2024**.

Join us for our inaugural

BREW TOUR 2024

Our brewery was founded on the philosophy that life and beer require balance to be at their best. Finding that balance is as personal as finding a beer you love. That's why we're constantly brewing new releases made with carefully sourced high quality ingredients to pour pints that are as unique as the people who drink our beer.

Our taproom is a bright space designed to welcome in the community. On tap you will find eight draft lines rotating through some of our best mainstay and experimental beers, another fine balance.

Come
for the
tour,
stay for a
pint.

November 23, 2024

677 Innovation Drive, Unit 4
Kingston, ON
K7K 7E6 Canada
